

CONFIGURAR CHROME PARA QUE NO DESCARGUE ARCHIVOS

SÍMBOLO DE LOS TRES PUNTOS

CONFIGURACIÓN

PRIVACIDAD Y SEGURIDAD --> Configuración de sitios

A screenshot of the Chrome settings page, specifically the 'Privacy and security' section. The 'Configuración de sitios' (Site configuration) option is highlighted with a yellow oval. The left sidebar shows various settings categories like Google y tú, Autocompletar, and Idiomas.

Configuración de contenido adicional

The screenshot shows the 'Configuración' (Settings) page in Google Chrome. The left sidebar lists various configuration categories. In the main content area, under the heading 'Contenido', there are several items: 'Micrófono' (Microphone), 'Notificaciones' (Notifications), 'Sincronización en segundo plano' (Background sync), and 'Permisos adicionales' (Additional permissions). Below this, another section titled 'Contenido' contains 'Cookies y datos de sitios' (Cookies and site data), 'JavaScript' (JavaScript), 'Imágenes' (Images), and 'Ventanas emergentes y redirecciones' (Pop-ups and redirects). A yellow box highlights the 'Configuración de contenido adicional' (Content settings configuration) link at the bottom of this list.

Documentos PDF

This screenshot shows the same 'Configuración' (Settings) page as the previous one, but the 'Contenido' section has been expanded to show specific PDF-related settings. It includes 'JavaScript', 'Imágenes' (Images), 'Ventanas emergentes y redirecciones' (Pop-ups and redirects), and other general content settings like 'Sonido' (Sound) and 'Anuncios' (Advertisements). The 'Documentos PDF' (PDF documents) section is highlighted with a yellow box. This section contains three options: 'Niveles de zoom' (Zoom levels), 'Documento PDF' (PDF document), and 'Contenido protegido' (Protected content). The 'Documento PDF' option is also highlighted with a yellow box.

PDF → elegir

In this final screenshot, the 'Documento PDF' (PDF document) option from the previous screen is selected, indicated by a yellow box. This leads to a new configuration screen for PDF documents. The top part of this screen says 'A veces, los sitios publican archivos PDF, como documentos, contratos y formularios' (Sometimes, sites publish PDF files, such as documents, contracts and forms). Below this is a section titled 'Comportamiento predeterminado' (Default behavior) with the sub-instruction 'Los sitios usan esta opción cuando los visitas.' (The sites use this option when you visit them). Two options are shown: 'Descargar archivos PDF' (Download PDF files) and 'Abrir archivos PDF en Chrome' (Open PDF files in Chrome). Both of these options are highlighted with yellow boxes.
